

## Wednesday 21 June

MAIN SESSION ROOM	
13.30 - 15.15	<b>Joint ILF-ITALF session</b>
	<i>Chairs: Sandro Michelini &amp; Neil Piller</i>
	Sandro Michelini: Lymphedema: A therapeutic alliance for a chronic disease
	Marina Cestari: Chronic oedema in the elderly
	Maurizio Ricci: The ICF core set for lymphoedema
	Christine Moffatt: LIMPRINT
	Vaughan Keeley: ILF outcome project
	Isabelle Quéré: ILF children's project
15.30 - 17.00	<b>Patients' session (organised by ITALF)</b>
17.00 - 22.00	Exhibition build-up

SESSION ROOM 2

## Thursday, 22 June 2017

MAIN SESSION ROOM		SESSION ROOM 2
7.30 - 8.30	<b>REGISTRATION</b>	
08.30 - 8.45	<b>Welcome by ITALF and ILF board representatives</b>	
08.45 - 10.15	<b>Plenary session 1: LIMPRINT and related ILF projects</b>	
	<i>Chairs: Stan Rockson &amp; Marina Cestari</i>	
10 min	Intro: Stan Rockson: Introduction to the importance of LIMPRINT	
15 min	Christine Moffatt: Introduction to the concept, design and methods and high level overall results	
20 min	Gregoire Mercier: An overview of the results from the LIMPRINT study	
20 min	Isabelle Quéré: Results from international hospital prevalence studies	
20 min	Vaughan Keeley: Results from international lymphoedema specialist services	
10.15 - 10.30	<b>REFRESHMENT BREAK, EXHIBITION AND POSTERS</b>	
10.30 - 12.20	<b>Free paper session 1</b>	<b>Free paper session 2</b>
	<i>Chairs: Alfredo Leone and Anna Kennedy</i>	<i>Chairs: Francesco Boccardo and Isabelle Quéré</i>
10 min	Ad Hendrickx: Compression with the "Juxta Reduction Kit (by medi)" in patients undergoing a total knee arthroplasty	Peter Worsley: Investigating the effects of lymphatic drainage therapies using near-infrared imaging
10 min	Rinaldo Caldirola: Bandaging experience with silicon bandages	Giuseppe Villa: Quantitative evaluation of bicompartimental lymphoscintigraphy in lower limb lymphedema
10 min	Sandro Michelini: Effectiveness of conservative combined treatment in lipedema patients and clinical monitoring	Denise Hardy: How the use of indocyanine green (ICG) fluoroscopy is helping to improve the successful management of lymphoedema
10 min	Neil Piller: The impact of intermittent pneumatic compression therapy on the quality of life of patients with lower limb lymphoedema	Misako Dai: Comparative study between standard ultrasound device and pocket ultrasound device for the evaluation of thickness in subcutaneous tissue for forearm in healthy subjects
10 min	Arun Gogia: Correlating sub bandage pressures with improvement in limb volume and circumference in patients with lower limb lymphoedema	Misako Dai: Pocket ultrasound device versus standard ultrasound device for imaging of subcutaneous tissue in lower lymphoedema patients
10 min	Sandro Michelini: The ultrasound lymph compartments graph and the extracellular matrix pathways	Jean-Paul Belgrado: Deep infrared imaging to identify venous impairment after breast cancer surgery
10 min	Sandro Michelini: Physical treatment in lower limb oedema and cardiac implications: Pro-BNP vs E.F.	Marzanna T Zaleska: Live indocyanine green lymphography shows differences in effectiveness of mld, linforoll massage and intermittent pneumatic compression
10 min	Arun Gogia: Effectiveness of short stretch bandages vs ordinary cotton crepe in lower limb lymphoedema in a tropical setting	
10 min	Daniel Loughnan: Low level laser therapy reduces pain and local tissue water in low back pain - a case series	
10 min	Sandro Michelini: Natural coumarin and routine in lymphoedema treatment	
10 min	Alexandre Pissas: Which is the precise mission of each partner in treating lymphedema?	

MAIN SESSION ROOM		SESSION ROOM 2
12.20 - 12.50		LUNCH BREAK, EXHIBITION AND POSTERS
12:50 - 13:50	<p><b>New solutions in compression therapy</b> Company symposium sponsored by BSN</p> <p>Christine Moffatt CBE FRCN PhD MA RGN DN Prof. of Clinical Nursing and Research, The University of Nottingham "Self-managed oedema reduction and control in changing health care systems"</p> <p>Justine Whitaker MSc RN Nurse Consultant and Senior Lecturer (Uclan), Northern Lymphology Ltd, UK "Night-time compression in long term management of lymphoedema"</p>	
	<p><b>13:50 - 15:20 Plenary session 2: National framework session</b> <i>Chairs: Isabelle Quéré &amp; Maurizio Ricci</i></p> <p>15 min Sandro Michelini: Italian guidelines on lymphedema: New public regulations 2017</p> <p>15 min Junko Sugama: Development of chronic oedema prevalence in Japan - Moving to national recording of data</p> <p>15 min Susan Nørregaard: National guidelines</p> <p>15 min Anna Kennedy: Canadian framework initiatives</p> <p>10 min Isabelle Quéré: The out-of-pocket payment for lymphedema treatments in France</p> <p>5 min Margaret Sneddon: The lymphoedema education benchmark standards (LEBS) project</p>	
15.20 - 15.50		REFRESHMENT BREAK, EXHIBITION AND POSTERS
15.50 - 17.50	<p><b>Free paper session 3</b> <i>Chairs: Corradino Campisi and Neil Piller</i></p> <p>10 min Corradino Campisi: Lymphatic microsurgery for an early and effective treatment of peripheral lymphedema</p> <p>10 min Francesco Boccardo: Lympa technique for primary and early secondary prevention of lymphedema following cancer treatment</p> <p>10 min Melanie Thomas: Perceptions and attitudes of people undergoing lymphatic venous anastomosis</p> <p>10 min Melanie Thomas: Lympho-venous anastomosis (LVA) surgery in NHS Wales - A service evaluation</p> <p>10 min Harry Voesten: Surgical treatment of advanced lipedema</p> <p>10 min Corrado Cesare Campisi: New surgical options for the treatment of advanced stages of peripheral lymphedema</p> <p>10 min Neil Piller: Do hydrocephalus shunts have a role in the surgical treatment and prevention of lymphoedema?</p> <p>10 min Sara Dessalvi: How to prevent lymphatic injuries in venous surgery</p> <p>10 min Harry Voesten: Long term results of circumferential suction-assisted lipectomy in the treatment of primary and secondary end-stage lymphoedema of the leg in 88 consecutive patients</p> <p>10 min Liesbeth Vandermeeren: Lipofilling of the axilla to reduce secondary lymphedema after axillary lymph node dissection</p> <p>10 min Giuseppe Visconti: Supermicrosurgical lymphatico-venular anastomosis and lymph node free flap transfer for the treatment of peripheral lymphedema</p> <p>10 min Marzia Salgarello: Autologous breast reconstruction and lymph node flap using abdominal perforator flaps: Single-stage total breast and upper limb lymphedema restoration</p>	<p><b>3M company workshop</b></p> <p>Best Practice in Lymphoedema Bandaging Chair and speaker: Denise Hardy</p> <p>Content overview: Hands-on workshop with time for tips, trouble shooting and Q&amp;A on bandaging.</p>
17.00 - 20.00		LIMPRINT POSTER AWARDS & WELCOME RECEPTION AT TEATRO MASSIMO COMUNALE

Friday, 23 June 2017

MAIN SESSION ROOM		SESSION ROOM 2
07.45 - 08.15	REGISTRATION	
08.15 - 09.55	<b>Plenary session 3: LIMPRINT and related ILF projects</b> <i>Chairs: Marina Cestari and Margaret Sneddon</i>	
15 min	Christine Moffatt: CO in community nursing populations	
15 min	Pinar Borman: A national study of CO in Turkey	
15 min	Peter Franks: Evaluation of outcomes in the management of lymphoedema: The four countries study	
15 min	Stuart Nairn: A sociological perspective on chronic oedema	
15 min	Susie Murray: The challenges of running the LIMPRINT study	
09.55 - 10.25	REFRESHMENT BREAK, EXHIBITION AND POSTERS	
10.25 - 11.55	<b>Free paper session 4</b> <i>Chairs: Fausto Passariello and Robert Damstra</i>	<b>Free paper session 5</b> <i>Chairs: Marco Cardone and Pinar Borman</i>
10 min	Jean-Paul Belgrado: Early detection of secondary lymphedema after cancer treatments	Kenley Schmidt: Reversal of stage 3 lymphedema with weight loss: A case report
10 min	Waldemar L Olszewski: Indocyanine green lymphography is helpful in detection of early lymphedema after breast and uterine surgery before it is clinically diagnosed	Concetta Romano: The effect of combined therapy (multilayer bandage, radiofrequency and FREMS) in post-mastectomy lymphedema and radiation therapy
10 min	Matteo Bertelli: Indication to genetic testing for patients affected by primary lymphedema	Michel Eid: Manual lymph drainage (MLD) and compression in a wound care treatment plan with patient living with lymphedema - Case studies
10 min	Sandro Michelini: Characterization of FOXC2 variations identified in patients with lymphedema-distichiasis syndrome	Renate Roeterink-ten Have: The importance of an interdisciplinary approach of patients with lipedema
10 min	Elizabeth Coveney: The development of a new paediatric lymphoedema service for Wales	Pinar Borman: Lymphedema associated with everolimus in a renal transplant recipient: The efficacy of complete decongestive therapy
10 min	Denise Hardy: 'Lymphaletics': Overcoming barriers for children with lymphoedema	Natalie Lee: Identifying the lymphatic pathways and presentation of the PIEZO1 mutation using NIRF imaging
10 min	Alberto Macciò: Chronic lymphatic skin ulcers and acute lymphangitis	Waldemar L Olszewski: Postmastectomy lymphedema is successfully treated by silicone tube implantation bypassing the axillary pit
10 min	Christian Ptaszynski-Holgar: Keloid/Hypertrophic scarring: Do they impact on the lymphatic system and lymphoedema risk?	Waldemar L Olszewski: Obstructive lymphedema of lower limbs can be successfully controlled by silicone tube implants replacing obliterated lymphatics-six-years follow-up

MAIN SESSION ROOM		SESSION ROOM 2
11.55 - 12.45	<b>LUNCH BREAK, EXHIBITION AND POSTERS</b>	
12.45 - 13.45	<p><b>An innovative approach to the lymphoedema treatment- both for patient and therapist</b> Company symposium sponsored by Cizeta Medicali</p> <p>Ft.dott. Meadh Mc Sweeney (Ireland) Ft.dott. Rinaldo Caldirola (Italy) Ft.dott. Gianni Moneta (Italy)</p>	
13.45 - 15.15	<p><b>Plenary session 4: Children's lymphoedema: ILF project and others</b></p> <p><i>Chairs: Vaughan Keeley &amp; Sandro Michelini</i></p>	
15 min	Christine Moffatt: Research to understand the use of a children's camp in lymphoedema management and the psychosocial dimensions of quality of life and self management	
15 min	Sandro Michelini: Hereditary lymphoedema and diagnostic approach	
15 min	Robert Damstra: European VASCERN Network	
15 min	Isabelle Quéré: Assessment of children specific needs: Implication for treatment	
15.15 - 15.45	<b>REFRESHMENT BREAK, EXHIBITION AND POSTERS</b>	
15.45 - 17.30	<p><b>Free paper session 6</b></p> <p><i>Chairs: Maurizio Ricci and Anna Kennedy</i></p>	<p><b>Workshop</b></p> <p><b>Irene Zonderland: The concept of positive health</b> Workshop by Irene Zonderland &amp; Ad Hendrickx: Experience positive health 60 min workshop</p>
10 min	Beverley de Valois: The monkey on your shoulder: A qualitative study of lymphoedema patients' attitudes to and experiences of acupuncture and moxibustion	
10 min	Shashi Gogia: Community based lymphoedema care in a filaria endemic area - The Sitapur model	
10 min	Robert Damstra: First dutch guideline on lipedema using the international classification of functioning, disability and health (ICF)	
10 min	Elizabeth Conveney: A project partnership between healthcare workers in Sierra Leone & Wales to improve outcomes for breast cancer patients	
10 min	Jean-Paul Belgrado: The occlusion pressure of the superficial lymphatic network in the lower limb of patients with fonctionnal lymph collectors	
10 min	Peter Viehoff: Identification of international classification of functioning, disability and health categories in lymphoedema patients in South Australia	
10 min	Anna Towers: Chronic lower limb oedema in long-term care populations: Prevention and treatment challenges	
10 min	Peter Viehoff: ICF core sets: A new way of status-reporting for the lymphedema patient	
10 min	Robert Damstra: New European reference network for pediatric and primary lymphedema	
20.00	<b>CONFERENCE DINNER AT DES ETRANGERS HOTEL</b>	

## Saturday, 24 June 2017

MAIN SESSION ROOM		SESSION ROOM 2
08.00 - 08.30	REGISTRATION	
08.30 - 10.00	<b>Plenary session 5: Current thinking in chronic oedema and Lipoedema</b> <i>Chairs: Alfredo Leone and Vaughan Keeley</i>	
25 min	Stan Rockson: Pathogenesis of edema: The role of the lymphatics	
25 min	Marina Cestari: Protocol of lymphoedema prevention after breast cancer	
25 min	Ethel Foldi: Disturbances of microcirculation in Lipoedema	
10.00 - 10.30	REFRESHMENT BREAK, EXHIBITION AND POSTERS	
10.30 - 12.00	<b>Free paper session 7</b> <i>Chairs: Antonio Mander and Neil Piller</i>	
10 min	Karen Morgan: On the ground education programme and the development of the "chronic oedema wet leg pathway"	
10 min	Monica Conway: Professional education on breast-cancer-related lymphoedema and its relation to patient well-being	
10 min	Melanie Thomas: The Impact of lymphoedema risk reducing recommendations on people treated for breast cancer	
10 min	Katie Riches: The assessment of breast cancer related breast and chest wall lymphoedema	
10 min	Ayşegül Yaman: Comparison of the efficacy of different bandaging methods in patients with breast cancer related lymphedema: Preliminary report	
10 min	Merve Denizli: Clinical awareness and knowledge of breast cancer related lymphedema among a group family physicians in Turkey - An online survey (preliminary data)	
10 min	Melanie Thomas: Investigating knowledge and views of lymphoedema healthcare professionals in reducing the risk of lymphoedema in people treated for breast cancer	
10 min	Marco Cardone: Proprioception sense in lymphedema affected upper limb	

MAIN SESSION ROOM		SESSION ROOM 2
12.00 - 13.00	LUNCH BREAK, EXHIBITION AND POSTERS	
13.00 - 14.00	<p><b>Driving innovation in chronic edema</b> Company symposium sponsored by Thuasne</p> <p>Speakers &amp; contents: Professor C. Moffatt, University of Nottingham, United Kingdom "Vision and partnership working with the ILF"</p> <p>Professor I. Quéré, University of Montpellier, France "Role of auto-adjustable night-garment in maintenance phase of lymphedema"</p> <p>Dr T.A Baroncelli, CERION, Florence, Italy "Night treatment in chronic lymphedema: Italian cohort experience"</p>	
14.00 - 14.15	LUNCH BREAK, EXHIBITION AND POSTERS	
14.15 - 15.45	<p><b>Plenary session 6: New ways of thinking</b></p> <p><i>Chairs: Sandro Michelini and Christine Moffatt</i></p> <p>25 min Hiromi Sanada: The role of oedema and pressure ulceration</p> <p>25 min Aimee Aubeeluck: Challenges of understanding self management in chronic oedema</p> <p>25 min Neil Pillar: The leading edge - Are we really leading or re-discovering what was done in the past?</p>	
15.45 - 16.15	CLOSING OF THE CONFERENCE WITH ANNOUNCEMENT OF THE NEXT CONFERENCE
